Balance électronique MAULtronic S jusqu'à 2 000g :
précision: 0.5 g de 0-100 g ; 1 g de 100-2000 g

For demonstration and student experiments, with 4-digit LCD display (easy, mirror-free reading through sharply slanted display), automatic switch-off, automatic reset and hold key to freeze the displayed weight. Powered by solar cells, excess energy is stored and used in low light conditions (below 150 lux). Stable housing made of unbreakable plastic. Made in Germany with patented measuring system.

Weighing range: 2000 g
Sensitivity: 0.5 g at 0-100 g; 1 g at 100-2000 g
Weighing pan: Ø 12.8 cm
Dimensions: 19.6 cm x 13.0 cm x 6.5 cm
